All info about each part of project you can by links beow. [↗](#)

2022 – 2022

GitHub link [↗](#)

It started as a simple pet project. But as time passed, it gained more functionality. There are two parts: BackEnd and FonrtEnd(which divide into web and mobile sides(soon will be in play market)).

MusicPlayer(mobile react-native-cli) project [↗](#)

2023 – 2023

For now, it's a simple music player (didn't publish yet: solving some question with Google play support). But I am planning to add new features in it

Profile

As a Front-End developer with a focus on React, React Native, and TypeScript, I bring nearly 1.5 years of commercial development experience to the table. My ambition and persistence allow me to tackle tough challenges head-on, and I'm always looking for ways to improve my skills and knowledge. With a passion for creating beautiful, functional user interfaces, I'm a valuable asset to any development team.
