About me

Birth date: 13.09.1991

Country: Belarus

City: Borisov

Ready for relocation: Yes

I'm self learning programmer. Since December 2020 I started to learn programming. Used to learn Python and SQL using stepic.org In February 2022 I assigned to internship to the [iTechArt](#) company, on the position of Python Developer Trainee. My internship in iTechArt wasn't successful because my experience wasn't enough to accomplish all the tasks. In September 2022 I had assigned to [Rolling Scopes School](#), to study **Frontend development** and gained a lot of experience with their course, created some study projects, links to the source code and deployed versions of the projects you can find below.

Skills and Proficiency:

- | | | |
|--------------|--------------|--------------------|
| • HTML/CSS | • Git/GitHub | • SQL |
| • SaSS | • Figma | • English (B2) |
| • Javascript | • Photoshop | • Spanish (B1) |
| • React | • Python | • Russian (Native) |
| • Webpack | • Django | |

My projects:

Project	GitHub	Technologies	Publishment
Tarot Divination	link	React, SaSS, Webpack, JavaScript, Git	published
EA test task	link	React, SaSS, Webpack, JavaScript, Git	published
SongBird	link	HTML, CSS, JavaScript, Git	published
Quince game	link	CSS, JavaScript, Git	published
Online Zoo	link	HTML, CSS, JavaScript, Git	published
URL_Shortner	link	Python, Django, HTML, CSS, Git	published
Travel LP	link	HTML, CSS, JavaScript, Git	published
PiperNet	link	HTML, CSS, Git	published
Quiz Game	link	Python, Git	none
Tarot	link	Python, Git	none
Magic Ball	link	Python, Git	none
